Stuart Gear reported that the build on his car is going well and has parts being prepared in numerous locations ready for the reassemble.

Mike Thompson gave a run down on the history of his 1971 Bolwell Nagari. It had started life as a purpose built race car and had won the Australian Sports Car Championship. Eight years ago it was changed into a road car.

Peter Hilliard said that his 1950 AJS is nearly complete.

Douglas Drager is rebuilding his Jeep in Peter's shed with some guidance.

## *The Sec's Desk*

Liz & Russ Driver gave a run down on their event filled trip in the 6 wheel truck. They provide water to a tourist company and on their latest run with 8 tonne of water and lots of rain, became bogged in the National Park. A hose line in the truck had become so hot it had melted and locked on the brakes.

They hitched a ride back into town on a tour bus from Mt Sonder. Three days later they were able to continue the trip, only to be bogged again but with some ingenuity, and lots of rocks, were able to get out and complete the run.

Colin & Vicki Jarrett have 3 granddaughters in Perth now and are waiting for the completion of their new home so they can be near them. They will be back for the Red Centrenats – if they have gone by then!

Douglas Drager reported the Seven Mile Aerodrome is being opened as a tourist site from the 1<sup>st</sup> of May. He said it has lots of memorabilia.

The National Road Transport Hall of Fame has the Ghan running again on their track.

Brian Eather reported that the Aviation Museum will be hosting MECCA for the National Motoring Day on the 3<sup>rd</sup> Sunday in May.

A show of hands for members attending today's run to the Tropic of Capricorn after morning tea.

Meeting Closed : 10:05 am

## BANGTAIL MUSTER PARADE 3/5/21 - CANCELLED THIS YEAR

Northern Territory celebrates May Day (Labour Day) with a public holiday on Monday 3rd May 2021.

Labour Day is an annual public holiday that celebrates the eight-hour working day, a victory for workers in the mid-late 19th century.

The argument for the eight-hour day was based on the need for each person to have eight hours labour, eight hours recreation and eight hours rest.

In the early 19th century, most labourers worked 10 or 12-hour days for six days each week. The 1850s brought a strong push for better conditions.

A significant part of the push began in 1855 in Sydney. On 21 April 1856, in Melbourne, the stonemasons workers staged a well-organised protest. They downed tools and walked to Parliament House with other members of the building trade. Their fight was for an eight-hour day, effectively a 48-hour week to replace the 60-hour week. The government agreed to an eight-hour day for workers employed on public works, with no loss of pay.

The win was a world first but did not end all labour problems. Many working conditions were harsh and demanding, and women were paid a lot less than men. But the victory for the eight-hour day was significant and several hundred building workers marched in a parade in May 1856 to celebrate their win.

Tinsmiths, bootmakers, tailors, metal workers and stonemasons were amongst many of workers' groups that protested and fought for better working conditions across the country. Over the next two decades, one by one, the states brought in the eight-hour-day although the working week was still officially six days until 1948 when it was changed to five days.

Labour Day is also often referred to as May Day around the world. Internationally it is celebrated on 1 May and is known as International Workers' Day in more than 80 countries. International Workers' Day traces its international routes back to the 1886 Haymarket affair in Chicago, USA. The universal significance is that, across the world, the eight-hour day is considered the fairest working hours in a day for people in any industry.

Today, Labour Day in Australia is known as Eight-Hour Day in Tasmania and May Day in the Northern Territory. It is always on a Monday, creating a long weekend. Marches or parades only usually occur in Queensland now, and not always there depending on the state government at the time.

## ANZAC DAY

*I saw a kid marchin' with medals on his chest.  
He marched alongside Diggers marching six abreast.  
He knew that it was ANZAC Day - he walked along with pride.  
He did his best to keep in step with the Diggers by his side.*

*And when the march was over the kid was rather tired.  
A Digger said "Whose medals, son?" to which the kid replied:  
"They belong to daddy, but he did not come back.  
He died up in New Guinea on a lonely jungle track".*

*The kid looked rather sad then and a tear came to his eye.  
The Digger said "Don't cry my son and I will tell you why.  
Your daddy marched with us today - all the blooming way.  
We Diggers know that he was there - it's like that on ANZAC Day".*

*The kid looked rather puzzled and didn't understand,  
But the Digger went on talking and started to wave his hand.  
"For this great land we live in, there's a price we have to pay  
For we all love fun and merriment in this country where we live.  
The price was that some soldier his precious life must give.*

*For you to go to school my lad and worship God at will,  
Someone had to pay the price so the Diggers paid the bill.  
Your daddy died for us my son - for all things good and true.  
I wonder if you understand the things I've said to you".*

*The kid looked up at the Digger - just for a little while  
And with a changed expression, said, with a lovely smile:  
"I know my dad marched here today - this is ANZAC Day.  
I know he did. I know he did, all the bloomin' way".*

### *Overlander Badge History & Particulars*

The members of the **Alice Springs Vintage & Veteran Car Club** originally created this very special and much sought after award in the mid 1970s in recognition of the many Veteran, Vintage and Classic motor vehicles whose drivers took up the challenge to travel from interstate to visit Alice Springs. Back in those days the roads to Alice were not the wide, smooth roads we have today but were narrow, undulating strips of bitumen with rough shoulders and causeways where we now have all weather bridges. The Stuart Highway from Port Augusta to the Northern Territory border was still a rough boulder strewn, bull dust and corrugated dirt track which tested the endurance of man and his machine. The sealing of this part of the Stuart Highway was not completed until 1987. The award was appropriately named the **OVERLANDER BADGE** to commemorate the vast distances covered on these roads, the confidence or blind faith the owners had in their vehicles, and the courage of the drivers and passengers who travelled in them to reach Alice Springs. In July 1996 when the **Motor Enthusiasts Club of Central Australia** was formed and incorporated the **Alice Springs Vintage & Veteran Car Club** it was decided that a new category be established to award vehicles from 1947 to a rolling date of 30 years old that make the journey to Alice Springs. This is called the **Special Interest** category.

Today the **OVERLANDER BADGE** is available to anyone who is confident enough to take up the challenge to drive their Veteran, Vintage, Classic or Special Interest vehicle or motor cycle either to or from Alice Springs over an approved distance. The Badge can only be awarded to the nominated driver and vehicle which must arrive at or depart from Alice Springs and cover the specified distance under the vehicles own power.

#### THE APPROVED DISTANCES FOR THE FOUR CATEGORIES ARE:

Veteran:	Up to 1919	500 kilometres
Vintage:	1920 to 1930	1500 kilometres
Classic:	1931 to 1946	3000 kilometres
Special Interest:	1947 to 30 years old	3000 kilometres

The badges differ in design to distinguish the different categories:

Veteran Badge:	White tyre, red spokes, silver grey background and yellow scroll.
Vintage Badge:	Black tyre, green spokes. Silver grey background and yellow scroll.
Classic:	Black tyre, orange spokes. Silver grey background and yellow scroll.
Special Interest:	Black tyre, blue spokes. Silver grey background and yellow scroll.

**TO APPLY** for the badge, contact your club secretary, or apply directly to the MECCA Club secretary. An application form will be sent to you or your club secretary, as required. This form is self-explanatory and must be returned to the MECCA club secretary on completion of the road kilometre requirements. Fee for the badge and engraving is \$75.00. We recommend payment in advance, ie., upon application, to ensure engraving is completed in time for presentation at the completion of your trip.

**ALL APPLICANTS**, whether arriving from interstate or originating in Alice Springs, must submit reasonable proof of their completion of the qualifying road kilometres in order to be awarded the Overland Badge. This is typically in the form of fuel receipts from the service stations along the route.

**AFTER APPROVAL** by the Overlander Badge committee, the badge applicable to your vehicle will be duly inscribed with the applicants name and vehicle and registered in our files. The badge will then be posted to you or your club secretary's postal address, as specified. If you have completed your required kilometres upon arrival in Alice Springs, MECCA can present the badge to the applicant in person.

Wow April nearly dun and dusted.

A great start to April with Easter being early so we had our Easter eggs and hot cross buns—what a way to go.

Then our club meeting with Marie taking over Lisa's place as Club hostess (just for the one meeting until Lisa is back) making the famous Mecca pie.

Then off to Truckstop to meet Wally, Alvina and son Ian, and the rest of Mecca group and a leisurely drive to Tropic of Capricorn for BBQ lunch.

Surprise, Surprise when we got there BBQ was no where in sight so we commandeered the shaded area with tables in anticipation.

The weather was perfect not too hot or cold and we enjoyed looking at the vehicles and discussing pros and cons until Tony drove up with the trailer full of goodies— then quick unpack and get the BBQ fired up and get the snags, burgers and onions on the burner.

Lunch as per normal was yummy and the company was great.  
A leisurely trip home to start the next venture.

Thank you Tony for supplying the BBQ, food etc.

A busy time ahead. Aces and Eights have invited us to Coffee and Chrome on Council Lawns 2/5/21 fee \$5.00 from 8am

No Bangtail muster this year 3/5/21

Red Centre Nats 4/9 and 5/9/21 get on line to register your vehicles and get your tickets, and let Secretary know so we can possibly negotiate good spot in the shed - if we don't have many we may be outside

Alice Springs Show 2/7 and 3/7/21 let the Secretary know you are entering vehicle or bike so we can get good shed space.

Next meeting 9/5/21 9.00am at Masonic Hall - Mothers Day and no run

See you then Liz Driver
